118640-112	Mount Bar	2
118640-111	Gateway Power Hub Mount	1

For safety information see the system and machine manuals.

1. **[Figure 1]** - Identify the mounting location (1) on the top right side of the main boom frame.

Figure 1

2. **[Figure 2]** - Measure the mounting plate offset to be six inches to the left of the center of the bracket mount area.

IMPORTANT: This offset is to avoid the boom frame gussets directly behind the bracket.

3. Install the mounting plate (1) to the boom with the supplied hardware.

Figure 2

4. Attach the hub to the mounting plate as shown with supplied hardware:

[Figure 3] - SharpShooter® with Rate Sync® Power Hub
